## Formal Methods Update Meeting 2024

The Formal Methods Update Meeting 2024 will be held as a physical meeting at IIT Dharwad during the period 11-13 July, 2024.

The FM Update Meeting is an informal event organized by the FM community in India annually, with the aim of getting FM researchers together to present and discuss topical developments in their areas of interest.

The emphasis is usually on theory but presentations on the current state of the practice or recent tools in the area are also encouraged.

Everybody interested in the use of Formal Methods in Program Design and Verification and Theoretical Computer Science is welcome to join.

This meeting is sponsored by [IARCS](#).
